

FTC SOLAR ENVIRONMENTAL POLICY

We are committed to protecting our environment for the benefit of current and future generations. In order to minimize the environmental impact of our operations, products and services, we shall:

- *Prevent pollution, reduce waste and minimize consumption of resources*
- *Encourage environmental protection among the customers and suppliers with which we do business*
- *Provide training to all employees and encourage them to conduct business in an environmentally responsible manner*
- *Comply with applicable environmental laws, regulations, and other requirements to which the company subscribes*

FTC Solar is committed to continuously improve our environmental management performance. This policy will be communicated to all employees, suppliers, contractors and subcontractors, and will be available to the public.
